

Come celebrate engineering with us!

National Engineering Month 2015

Multidisciplinary Science
for a
Better Society

Thursday March 19
from 12—7pm

Progress Campus
MAIN EVENTS HALL and GYM C of the Student Centre E Block

WHAT’S HAPPENING?

- ◆ Guest speakers
- ◆ Companies and Recruiters
- ◆ Students information and activity booths. Topics include Cancer, Software and IT Technologies, a Diabetes Checkup Camp, and the pneumatic car designed by Robotics students.
 - ◆ An Engineering Themed Photo Booth
 - ◆ Free Food
 - ◆ Giveaways and door prizes!
- ◆ Hands-on activities that include DNA isolation, fun IT games, and more!
- ◆ We will also be raising money for *Let’s Talk Science!*

12:30pm 	Piotr Mierzejewski, DB2 SQL Compiler Developer, IBM on <i>Smart Homes and Cities in the Era of IoT (Internet of Things)</i>
1:30pm 	Jason Gray, Senior Manager, Scotia Bank on <i>Mobile Systems & Solutions</i>
2:30pm	Will Lush, Vice-President of EBPI (Environmental BioDetection Products Inc.) on <i>Research to Regulation, it’s a Matter of Education</i>
3:15pm	Natalie Tripp on <i>Engineering Community</i>
4:00pm 	Dr. Mark Ernsting, P. Eng. Senior Biomedical Engineer, Drug Delivery and Formulation, Ontario Institute for Cancer Research on <i>Engineering in Cancer Research: Our role in both Early Discovery and Translation to Clinic</i>
5:00pm	Gary Thompson Lead, Generation Planning, Centennial College on <i>Energy Consumption and Renewable Green Energy Sources</i>
6:00pm	Robert Flou on <i>Process Automation in the Food Industry</i>

Hosted By: CIPS Student Chapter at Centennial, Biotechnology Student Society, Food Science Student Committee, Automation & Robotics Society, Mechanical Engineering of Centennial College, Energy Society, ACE Club for Personal Development **In Partnership with OACETT**
